**Subject:** Hey --

Chris and I spoke, and I now understand the revised data he provided. The only thing I need now is a call back Leslie Patton Steinle, attorney for American Builders 2017. My colleague Dan Klepal had shared a list of subcontractors he had just received from her, and a few on the list you provided me were not on it. I had wanted to use the list Dan had as additional verification that Cobb businesses were receiving contracts since it was presented to me as a complete list of subs. I'd asked her to clarify. Anything you could do to help me get this resolved would be appreciated. I shared with her the list of contractors that didn't appear on what was supposed to be the comprehensive list.

Lastly, if you can give me a timeframe on the jobs documentation that would be great.

Thanks so much for the help.

Nancy

Since this was still unresolved, I pushed the fact-check off. It's now slated to run Friday.
