1. what does he think of the changes to the map of the area to be studied in the pedestrian study

Including the additional residential areas in the study is a good idea. The goal is to ensure that there is a well-connected network of sidewalks so that residents, employees and visitors alike can enjoy safe walking trips and have access to multiple destinations.

2. I understand that the vote on the pension plan was a legal matter that had to be done, but given that it will affect Cobb County employees, does he have a position on the amendment?

Cobb County always has and always will uphold all laws of the higher court.

Thanks!

Meris

Hi. He is out for the rest of the day. What specifically would you like to know? I'll see if I can text him and get some answers. I have to hit the road at about 4:45 today so if you can get them to me asap that would be great.

Subject: pension plan amendment

Hello Ms. Brownlow,

Seeing as our story on the county amending its pension plan to include same-sex spouses generated quite a bit of interest, would it be possible to get the chairman's comments on that, as well as the new pedestrian study that was approved? Would love to get him on the phone for 5 minutes Thanks!

Best,
Meris Lutz
