Meris

Chairman Lee is out of the office today. However, below is a statement from him regarding SB 420

"I support this bill. In fact, it falls right in line with the resolution adopted by the Board of Commissioners last summer."

Let me know if you need anything else.

Hello Kellie,  
Happy Friday. I'm working on something about SB 420, which would require counties to hold a referendum for fixed guideway transit, which would affect projects like the BRT. I was hoping to get a comment from the chairman. Is he available at all today? Thanks!
