

Route Changes

At CobbLinc we care about your individual travel needs. We are working hard to provide our community with the best possible service. For this reason we are implementing various service changes. As well as altering some of our routes we are adding a new route that will service the South Cobb area. All changes will become effective **September 6th, 2016.**

Our goal is to make this a smooth transition for our patrons. Use this packet to help you navigate through our route changes. If you have any questions or concerns please call our Customer Care Center at (770) 427-4444.

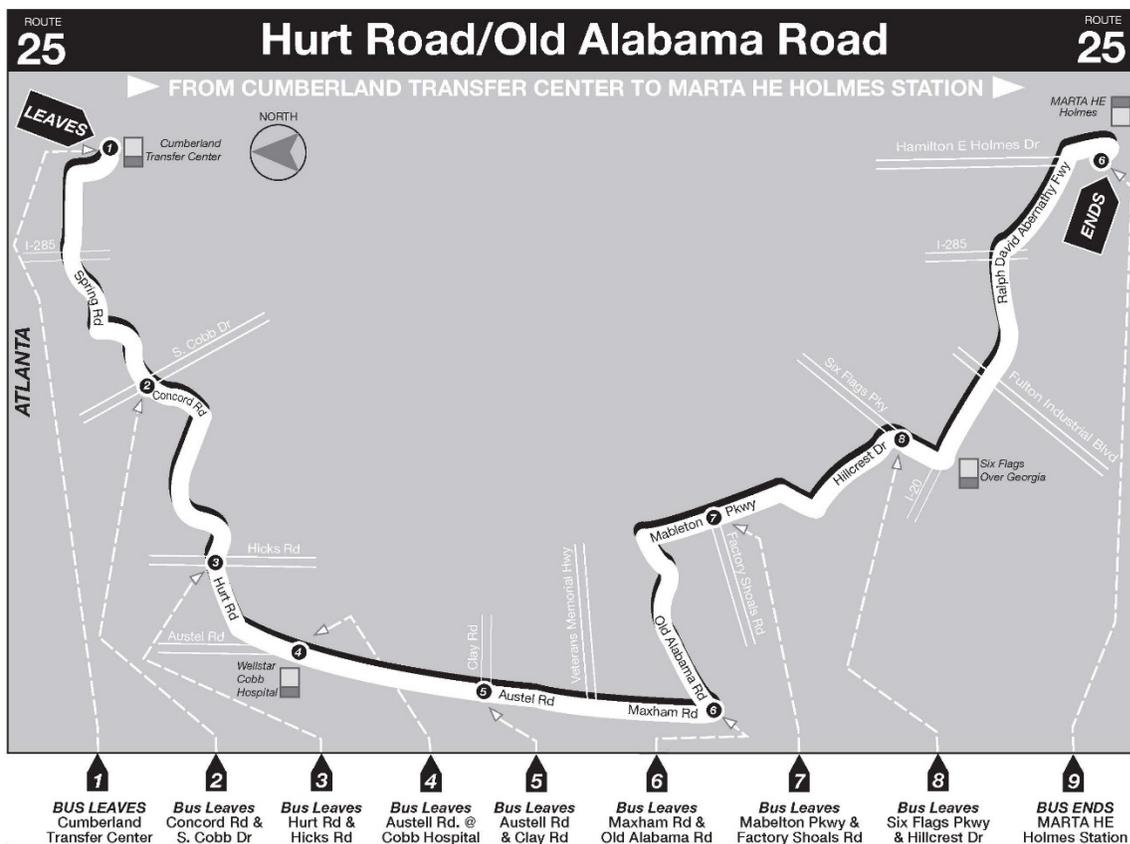

Introducing Route 25

Effective September 6th, 2016

We are excited to announce the implementation of a new route. Route 25 originates at the Cumberland Transfer Center, behind Cumberland Mall, and ends at MARTA's Hamilton E. Holmes rail station in Atlanta. Buses on Route 25 will pick up at Concord Road at South Cobb Drive and continue along Hurt, Austell and Old Alabama Roads as well as Mableton Parkway, Hillcrest Drive, Six Flags Parkway and Ralph David Abernathy Freeway, making six stops along the path. Crossover between routes on Austell Road will allow for passengers to make connections on Route 30.

The map below depicts the outbound Route 25.

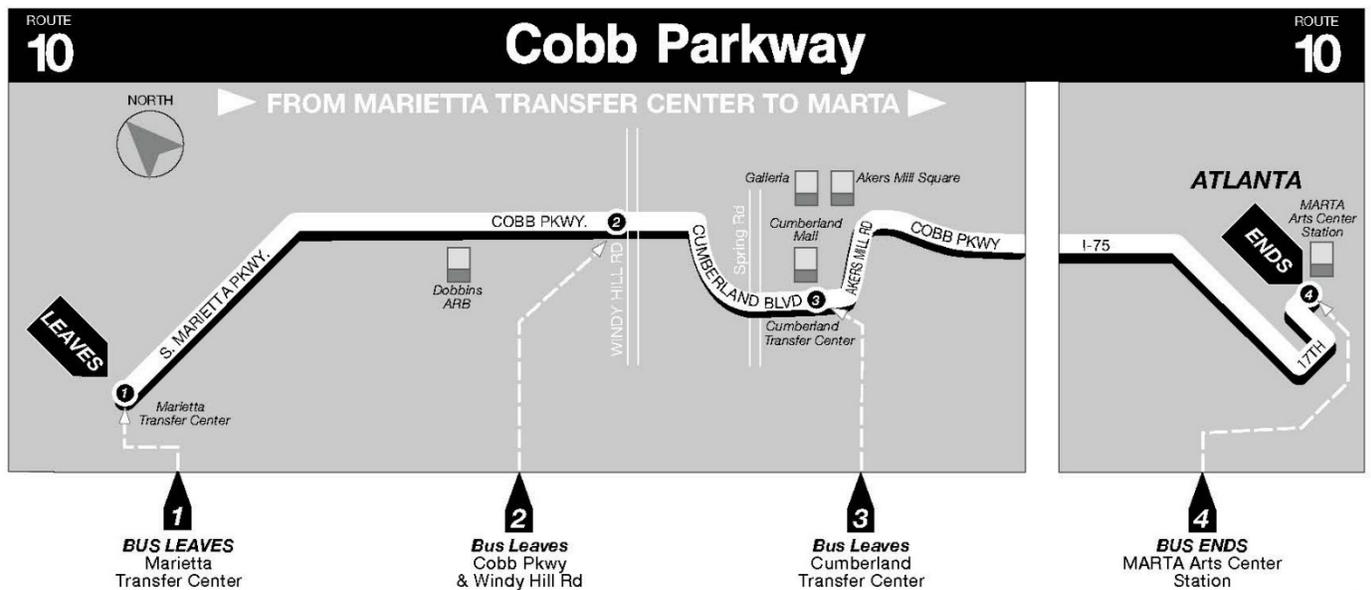

Changes to Route 10

Effective September 6th, 2016

The heavily used Route 10 is changing for the better! Route 10, which runs from the Marietta Transfer Center through the Cumberland area and to the Arts Center Station on 17th Street, now will take a right on Cumberland Boulevard—to bypass the more congested Spring Road—then take a left on Akers Mill Road. With this change, the route will lead directly into the I-75 HOV lane, offering improved reliability and safety by avoiding the need to change lanes to reach the exit during peak traffic times.

The map below depicts the outbound Route 10.

Buses running on Route 10 will now make stops at the Residence Inn on Cumberland Boulevard and at the intersection of Cumberland Boulevard and Cotton Street at Cumberland Marketplace. Route 10 buses will no longer stop at the following locations, identified by landmark and intersection:

Changes to Route 20

Effective September 6th, 2016

The Route 20 has been simplified to create a more user-friendly experience. Originating from the Marietta Transfer Center, Route 20 will now provide more direct transit into the Cumberland area by offering corridor-style service along South Cobb Drive. Buses on the route will no longer travel Concord Road. Service to the Home Depot Support Center will continue with stops every hour during morning and evening peak travel times as part of Route 20.

The map below depicts the outbound Route 20.

As a result of the changes being made, some of the bus stops will be eliminated from the current Route 20. The new route 25 provides an exciting alternative to those traveling to Spring Road. The bus stops that will no longer be serviced by Route 20 are listed below:
