		33,877,594.18	28,686,944.07	5,190,650.11	18.09%

As of the month ended April 2015, General Fund revenues were \$7.7M more than April 2014, which decrease from March's positive variance of \$11.8M. The reason for the decrease due to timing, because of improved technology and efficiencies the County was able to collect Business Licenses earlier in the 2015. As the County gets closer to its fiscal year end of September 30, the Licenses and Permit variance should continue to reduce, however Business Licenses is only one of fourteen revenue source under Licenses and Permits, and all but three have positive variances. The increase in commercial and residential permits account for \$3.7M of the Licenses and Permits variance. The \$1.9M positive variance in Property Taxes is due to early collections in Public Utility Tax. The majority of the increase in charges for service was due to an increase of \$983K for the commissioner of taxes from the Board of Education.

Despite the positive variance discussed above, there are a few revenue sources that are down compared to prior year. The Other Taxes had a positive variance through March, but due to the timing of Cable TV collections and a \$1M decrease in Title Ad Valorem through April. The Fines and Forfeitures continued to generate a negative variance through April, and the variance continues to increase slightly each month. These revenue sources will be closely monitored for the remainder of fiscal year 2015.

Cobb County – Monthly Report April 2015

General Fund Expenditures

GENERAL FUND YTD EXPENDITURES						
Classification	April 2015	April 2014	Inc/(Dec)	% Change	FY15 % of Total	FY14 % of Total

Debt service	2,806	75,557	(72,750.35)	-96.29%	0.00%	0.04%
Transfers out	3,370,215	3,558,788	(188,573.30)	-5.30%	1.75%	2.00%
Total	192,598,004	178,375,166	14,222,837.50	7.97%		

As of month-ended April 30, 2015, General Fund expenditures were \$14.2M more than April 30, 2014. The largest components of the increase were personal services, operating expenditures, and capital expenditures.

Personal Services for April FY15 were \$7.1M more than April FY14. Full-time salaries in April FY15 were \$3.1M higher than in April FY14. A large portion of the variance is the result of a timing difference as three payrolls were recorded in April 2015 with only two in April 2014. This portion of the variance should be eliminated in May. Another portion of the variance is the result of the addition of 58 new Full-time positions, 20 restored Full-time positions, and 6 Part-time positions with the adoption of the FY15 Budget that took effect October 1, 2014. In addition, there were 40 Police Officers added to the roster in April FY14 that are included in April FY15 that were still vacant April FY14.

Full-time salaries can also be affected by the number of vacancies on the roster. The General Fund had 208 vacant positions on April 28, 2015. The large increase in vacancies can also be attributed to the additional positions added to the General Fund with the FY15 Adopted Budget. A vacancy report from the last payroll in April 28, 2015 to March 13, 2013 can be found below:

	4/28/2015	12/22/2014	9/30/2014	6/24/2014	4/2/2014	1/22/2014	9/30/2013	6/25/2013	3/13/2013
General Fund	208	231	198	197	231	182	172	123	153

Lastly, personal services were also affected by a \$3.1M increase in various benefit expenditure accounts with the largest increase coming from the County's pension contribution which stepped up from 16.38% to 18.62% in FY15 in order to reach the Annual Required Contribution.

Cobb County – Monthly Report April 2015

Operating expenditures in April FY15 were approximately \$5.5M more than April FY14. A majority of the variance can be attributed to three expenditure accounts:

Description	April 2015	April 2014	Inc/(Dec)
Contributions	6,236,822.16	3,943,936.21	2,292,885.95
Medical & Dental Services	4,639,558.62	3,612,290.10	1,027,268.52
Accountable Items	781,686.31	438,665.58	343,020.73

The largest variance came from contributions to incorporated cities within Cobb County relating to HB 489 which offsets the cities costs of duplicated services.

Medical & Dental Services had a \$1M positive variance from April FY15 to FY14. The majority of these expenditures are generated from treating inmates detained in the County's detention facility. These expenditures have the ability to fluctuate greatly based on the level of inmates needing treatment on a month to month basis. While it is assumed that this variance will be mitigated in the coming months this object will continue to be monitored to determine if variance will persist throughout the year.

Accountable Items increased \$343k from April 2014. The budget for accountable items is approximately \$355k higher in FY15 than FY14; therefore, it is expected that this variance should persist throughout the fiscal year.

Capital expenditures through April FY15 were \$1.8M more than the same period in FY14. The entire variance comes from vehicle replacements. In addition to the standard vehicle replacement budget of \$1.5M that has been standard in every budget for the past three fiscal years, an additional vehicle budget of \$4.0M was added to the FY15 budget as part of the reserve process.

Fire District Fund Analysis

The Fire District Fund's operating results are very similar to fiscal year 2014 through the month of April. The majority of this fund's variances are from increases in expenditures. The increase in Personnel Service is due to merit and pension costs. The variance in Capital is from the purchase of communication equipment and vehicles. The April analysis indicates the Fire District Fund is stable and will finish the year within its budget assuming a property tax collection rate of 95% from August through November.

Transit Analysis

The Transit Fund's operating results through April of 2015 have generated a negative change in fund balance of \$3.5M compared the negative \$1.3M that was generated in the prior year. The reason for the large negative in fiscal year 2015 is due to the timing of the invoicing of operator service fees and transfers in. This same timing cased the Transit Fund to finish fiscal year 2014 with a fund balance of \$2.8M and in fiscal year 2015, this fund will reduce the fund balance as the timing between invoice and transfers balance catch back up. The April analysis indicates the Transit Fund is stable and will finish the year within its budget.

Hotel Motel Analysis

As of the month ended April 2015, Hotel Motel Tax collections were \$569K more than April 2014. Based on the analysis this fund's tax collections will exceed the annual required debt service obligations on the Cobb-Marietta and Exhibit Hall Authority Refunding Revenue Bonds, Series 2013. Those excess funds will be transfers to the General Fund to be used to travel and tourism.

Water Operations Fund Analysis

The Water Operations Fund's change in fund balance through April 2015 is very similar to fiscal year 2014 through the month of April. The positive variance in water system revenues was caused by an increase to the residential sewer tap fees of \$1.0M, but this increase is only a timing issue. Additionally, the negative variance in the operating expenses was caused on \$272K of additional machinery supplies purchased in 2015, and \$1.1M of additional water purchases. The April analysis indicates the Water Fund is stable and will finish the year within its budget.

Health Fund Analysis

The Health Fund's operating expenditures are \$1.4M less through April of 2015 than compared to the same period for 2014. This decrease was the result of the County postponing the cash contributions to Other Post Employment Benefit (OPEB) Plan until September of 2015. The County will meet its annual required contribution to the OPEB for fiscal year 2015, but has changed its management of those contributions to better allow benefits paid to the retirees to account for the majority of the County annual required contribution.

Cobb County – Monthly Report April 2015

The 2011 SPLOST Fund has generated \$427.4M in revenue from inception through the month of April, which is approximately \$31.3M over initial projections. The implementation of House Bill 386 [New Ad Valorem Title Tax] on SPLOST collections was slightly apparent in August 2013 forward; however, we will continue to watch its effects prior to making any additional adjustments to cash flow projections.

Parking Deck Fund Analysis

The Parking Deck Fund has been placed on the watch list because in fiscal year 2013 it had generated a negative change in fund balance of \$63K and that decreased its fund balance to a concerning level. Additionally, in 2014 this fund finished the year with a negative fund balance of \$174K. Current revenues continue to insufficient to cover the operation and debt service on the certificates of participation. This fund's revenues and expenditures will be closely monitored for the remainder of the fiscal year.

Golf Course Fund Analysis

The Golf Course Fund has been placed on the watch list because of the problems the weather caused the course in fiscal year 2014. Those problems caused revenues to decrease by 197K from 2013. The course has recovered, but the winter weather has slowed play in 2015. The course is in good shape and the revenues will continued to be monitored as weather and conditions continue to improve.
