**Subject:** Cobb County Media Inquiry

Hi Faye:

Please see the responses below sent to our media inquiry concerning Cobb County.

Thanks much!  
Jennifer

AJC Question: My question for the FTA is: do these misstatements in the EA concern you. If so, what are the potential consequences for having incorrect information in this report, and are there any remedies.

FINAL FTA MEDIA RESPONSE: Cobb County Department of Transportation has informed us that there were multiple presentations/work sessions regarding the environmental analysis you reference. According to the Cobb County Department of Transportation, rather than February 28, 2012, the dates of the presentation and work sessions that should have been used in the context of the Environmental Assessment are September 11, 2012 and September 25, 2012. The dates will be corrected in the final environmental decision document.

AJC Question: One last thing: This same language, containing the same misstatements, was repeated in the county's \$10 million TIGER grant application, filed with the FTA two weeks ago. Is that of concern?

FINAL FTA MEDIA RESPONSE: No, the TIGER evaluation team is aware of the issue and has the correct information.
