

COBB COUNTY DEPARTMENT OF TRANSPORTATION - PROJECT FACT SHEET

COBB FREEDOM VOUCHER PROGRAM

www.GoCCT.org

Cobb County's Disabled Senior

Transportation Voucher Program

Project Benefits

- Provides additional transportation options for seniors
- Improves senior mobility and promotes personal independence
- Encourages Cobb County to become a more senior-friendly community

Senior Facts

- Transportation is the number one obstacle for seniors in Cobb and the Atlanta region
- The lack of available transportation causes a severe hardship for seniors who cannot get to essential services such as medical treatment
- Approximately 19.1% of seniors 65 and over in Cobb County have mobility and/or self-care limitations

Cobb County Department of Transportation, in partnership with Cobb Senior Services (CSS) and Cobb Community Transit (CCT), has initiated a transportation program whose focus is to provide Cobb County's senior citizens the ability to access transportation services that are beyond what is currently available through CCT and CSS.

Citizens targeted for the program are seniors age 60 and older who qualify for CCT Paratransit services but live outside of the CCT Paratransit service area.

Eligible seniors will be provided \$900 in vouchers a year or \$1800 a year for dialysis patients. There is a 10% co-pay for voucher books. Seniors can choose transportation which best meet their needs for medical visits, doctor's appointments, grocery shopping and any other necessary appointments.

Transportation service providers must be pre-registered vendors with Cobb County.
