Cobb County Senior Service
Transportation Voucher Program

Vendor Information

**Must be licensed, maintain liability insurance coverage and is able to provide quality care to Senior Citizens. Please contact the County for applicable insurance limits and requirements.*

Cobb County...Expect the Best!

The need for transportation in Cobb County is growing...

It's a fact that many seniors cannot get to the doctor, church, shopping or any essential destination because they have no one to drive them. You can become a vendor to help with the solution!

A potential vendor is provided the HIPAA policy, DOT/Senior Services Provider intake form, the Services Provider agreement and the Purchasing website for vendors.

www.cobbpurchasing.com links to the information sheet & w-9

Upon completing documents, attach insurance certificate, background checks on drivers and drivers license copies. Vendors must complete the county vendor form from the website. All references are checked.

Once a vendor is confirmed by the purchasing dept, they will be added to the vendors list that is provided to voucher program enrollees. Riders on the program by for trips in vouchers and vendors are reimbursed by Cobb County.

COBB FREEDOM Needs

- bus operators
- van operators
- even limousines!!
