Windy Hill Road/Maclang Road Connector General Project Fact Sheet

Description: A 4-lane limited-access roadway will be constructed from Maclang Road/Powder Springs Road to Windy Hill Road/Austell Road. The proposed roadway will go under a Callaway Road Bridge that will be constructed as part of this project. The roadway length is approximately 2.0 miles.

Purpose: Facilitate east-west mobility, improve the Level of Service (LOS) and travel time through the corridor, as well as relieve traffic congestion on local streets including Callaway Road and County Services Road.

Approximate Schedule:

Task	Start	Finish	Approx Term (months)
Design & Environmental Permitting	July 2007	September 2008	14
Right-of-Way Acquisition (Phase I)	May 2008	September 2008	5
Right-of-Way Acquisition (Phase II)	May 2008	May 2010	12
Construction (Phase I)	October 2008	September 2009	11
Construction (Phase II)	September 2009	May 2011	20

Traffic Volumes [Average Daily Traffic (ADT)]:

Location	Year 2012	Year 2032
Windy Hill Road/Maclang Road Connector	22,700	27,300

General Comments:

1. Phase I is the section of the roadway from Callaway Road to Windy Hill Road/Austell Road.
2. Phase II is the section of the roadway from Maclang Road/Powder Springs Road to Callaway Road.
3. The proposed road will open to traffic in mid 2011.
4. Design Speed is 45 mph.
5. The PIOH was conducted on June 14, 2007 at Jim R. Miller Park.
6. The Cobb BOC approved Alternative 2B on July 24, 2007.
7. Project related information and a map showing all alternatives can be found at: <http://www.cobbdot.org>.
8. The Callaway Road Bridge spanning the Connector is now complete and open to traffic.
