Behavior Code of Conduct

- TRS participants are expected to exhibit appropriate behavior at all times. The following guidelines have been developed to help make TRS programs safe and enjoyable for all participants. Additional rules may be developed for the particular programs and athletic leagues as deemed necessary by staff.
- **Participants will:**
 - * Show respect to all participants and staff and follow all directions given by staff.
 - * Abusive or foul language will not be tolerated.
 - * Refrain from causing bodily harm to self, other participants, or staff.
 - * Show respect for equipment, supplies, and facilities.
 - * Refrain from smoking or consuming alcoholic beverages during Cobb County events and outings.
- **Discipline:** A positive approach will be used regarding discipline. Staff will periodically review rules with participants during the program session. If inappropriate behavior occurs, prompt resolution will be sought specific to each individual situation. TRS reserves the right to dismiss from the program a participant whose behavior endangers the safety of themselves or others.
- **The Buddy System:** If staff consistently observes disruptive behavior, according to the Code of Conduct, it will be brought to the attention of the parent/guardian. TRS staff will determine if the participant will require a "buddy" to attend future programs. TRS staff will try to assist the parent/guardian in finding a "buddy", however, it is the responsibility of the parent/guardian to find a partner for the participant in order to continue to attend future programs. When the participant's behavior improves, the TRS staff will assess the progress of the participant to determine if the "buddy" is still needed. If disruptive behavior continues, the participant will be excused from the program. If a "buddy" is needed for a participant, there may be additional costs for them to attend any event(s) - this is the responsibility of the parent or guardian.
- **Lost and Found:** TRS staff is not responsible for personal items that are left at a program. Please help us keep track of your participant's belongings by labeling all items (including clothing) they bring to programs. Contact TRS to inquire about lost and found items.
- **Participant Medical Information (PMI):** Returning Participants are required to submit a PMI form every year during the spring registration. If at any time information changes, please call TRS or mail an updated form. Forms may be obtained from the TRS office. Any new participant must complete a PMI form before beginning any activities with the TRS Unit.
- **Dispensing of Medication:** If a participant is in need of assistance (other than a reminder) to take prescription medication, a permission form allowing TRS Staff to administer the medication must be completed by the parent or guardian before attending any program.
- **Atlanto-axial Dislocation Condition:** Individuals with Down Syndrome are at risk of having ADC which allows increased mobility of the first and second neck bones. For the safety of TRS participants, individuals with Down Syndrome will not be allowed to participate in activities such as swimming, gymnastics, aerobics, which could injure the neck area, unless they have a doctor's excuse stating they are free of ADC. An x-ray by a doctor is necessary to detect if the condition is present
- All activities, prices, dates and times are subject to change.

Thank you for your interest in our program. Special Olympics is a year-round program of training and competition for children (ages 8 & up) and adults with special needs. Participants receive opportunities to increase physical fitness, demonstrate courage and develop friendships with other Special Olympics athletes and the community. Special Olympics offers a variety of athletic opportunities including: bowling, gymnastics, ice skating, basketball, alpine skiing, golf and tennis, to name a few. Athletes practice and train for at least 8 weeks before the state level competitions. Please note the time of year during which your sport is held and expect to be contacted by your coach. If you do not hear from your coach, 8-10 weeks prior to each listed State Games competition, please contact our office. Additionally, Cobb County is looking for athletes interested in Unified Sports. Unified Sports are sports programs that pair a special athlete with a corporate athlete or community athlete for training and competition.

Eligibility

In Special Olympics, you must be at least 8 years of age and be diagnosed by an agency or professional with one of the following conditions: intellectual disabilities, cognitive delays as measured by formal assessment, or significant learning or vocation challenges due to cognitive delays that require or have required specially designed instructions.

Participation

Call Kim Battiste at (770)-528-2583 and request a registration packet. Each athlete must complete the following: a physical exam by a licensed examiner, the new 4 page Special Olympics athlete medical form, Behavior Code of Conduct Policy, Atlanto-axial release form and transportation policy. Complete all forms and make sure the appropriate person(s) sign the forms. When this packet is completed and returned to our office, you will receive a call from the coach of your selected sport. He/she will give you information regarding training, practice dates, and more. Please retain a copy of the medical form for your records.

Cobb County Training Programs
